FlyBy

Aviation Academy

The Number 1 Flight School in EUROPE

***FlyBy is the largest
flight school in Europe
with over 30,000
hours flown and over
350 student pilots***

Tecnam P-Mentor

With students from over 115 countries, FlyBy is a leading European academy for airline pilot training. Our Airline Career Pilot Programs are focused towards International students planning careers as commercial pilots. Based in three exclusive airports for FlyBy:
Burgos, Logrono, and Soria.

FlyBy's Airline Career Pilot Programs offer the most professional and efficient pathways to becoming an airline pilot, with a fast track to all major airlines.

Our goal is to educate professional and skilled pilots that are sought after by the airlines.

Our results speak for themselves: FlyBy's graduates are now flying for airlines around the globe including British Airways, Iberia, Ryanair, Ita Airways, Turkish Airlines, EasyJet, Lauda, Kuwait Airways, Vueling, Eurowings, WizzAir, Salam Air, Oman Air and many more.

11 different programs to make your DREAMS come true

AlbaStar.es

AlbaStar Cadet and Mentored Program

We are excited to announce a strong collaboration between FlyBy and the prestigious airline Albastar, offering our students exclusive career opportunities.

This partnership includes two key programs designed to support FlyBy students in becoming professional pilots.

The Cadet Program allows selected candidates to secure a contract with Albastar before even starting their training, providing a clear career path from day one.

The Mentorship Program gives FlyBy graduates priority in the Albastar selection process, recognizing their talent and dedication.

This partnership ensures FlyBy students gain direct access to a leading airline, enhancing their competitive edge in the aviation industry.

At FlyBy, we are proud to offer these unique career pathways, reaffirming our commitment to training highly skilled pilots.

11 different programs to make your DREAMS come true

Neos Mentored Program

FlyBy's collaboration with NEOS reinforces our commitment to training highly qualified pilots while meeting the airline's high standards.

This agreement provides FlyBy students with a unique opportunity to be selected as First Officers for the Boeing 737 with the prestigious Italian airline.

The program provides FlyBy graduates with priority in the NEOS selection process, with airline personnel monitoring their progress, assessing both theoretical knowledge and practical skills. This ensures the best candidates are identified and selected.

Successful students will complete the MCC (Multi-Crew Cooperation) course, tailored to NEOS' procedures, followed by the Boeing 737 Type Rating program. This collaboration ensures FlyBy pilots are highly skilled, well-prepared, and ready to contribute to flight safety.

We are proud of this partnership, which strengthens our role in pilot training and gives our students a competitive career advantage.

Hello Fly Mentored Program

This new collaboration is open to all nationalities, reinforcing FlyBy's status as a leading international aviation school. This marks another high-quality agreement between FlyBy and a company led by Commander Longo, renowned across Europe for his professionalism and reliability. The program provides FlyBy graduates with priority in the HelloFly selection process, giving them a competitive edge over candidates from other academies. Throughout their training, students will be closely monitored to assess their theoretical knowledge and practical skills, ensuring only the most qualified are selected. This partnership enhances FlyBy's commitment to excellence in aviation training, creating valuable career opportunities for students ready to enter the airline industry.

Aerolitalia Mentored Program

New Collaboration Between FlyBy and Aerolitalia for Fast Selection of European Students FlyBy is proud to announce an exciting new partnership with Aerolitalia, aimed at streamlining the selection process for all FlyBy students holding a European passport. This collaboration ensures a fast-track pathway for aspiring pilots, providing them with direct access to Aerolitalia's recruitment opportunities. Through this initiative, FlyBy students will benefit from an efficient and transparent selection process, reducing waiting time and accelerating their aviation careers. Aerolitalia, with its fleet of 15 aircraft, including Boeing and ATR, offers a dynamic and growing operational environment for future pilots. This strategic partnership reinforces FlyBy mission to provide students with the best career opportunities while supporting the growing demand for pilots in the European aviation sector. Together, FlyBy and Aerolitalia are shaping the future of aviation!

11 different programs to make your DREAMS come true

NyxAir Mentored Program

FlyBy's international partnership with NyxAir reinforces our commitment to excellence in aviation training, providing students with unique career opportunities. Through this collaboration, NyxAir will identify the most talented students and support their professional growth in a dynamic airline environment.

The program provides FlyBy graduates with priority in the NyxAir's selection process, facilitating their transition into the aviation industry. During training, NyxAir personnel will monitor students' progress, assessing their theoretical knowledge and practical skills to ensure only the most qualified candidates advance.

Those who successfully pass will have the opportunity to enter the airline's Type Rating program.

This partnership strengthens FlyBy's role in pilot training, providing graduates with a competitive edge in launching successful aviation careers.

11 different programs to make your DREAMS come true

FlyBy

FlyBy Cadet Program

At FlyBy Academy, we offer an exclusive program for aspiring pilots: the Cadet Program. This unique pathway allows candidates to combine the

ATPL course with a Flight Instructor (FI) course

right from the start. Candidates who pass the initial selection process are guaranteed a one-year contract as an instructor at our school. The Cadet Program serves as a springboard for those looking to begin their aviation careers with added value. Becoming an instructor not only reinforces the skills gained during the ATPL course but also provides the opportunity to log valuable flight hours, enhance teaching abilities, and build a strong professional profile for future airline opportunities. Joining our team means working in a dynamic and motivating environment surrounded by experienced professionals. Our goal is to provide a hands-on, high-quality work experience essential for building a successful career in the aviation industry. If you dream of becoming a pilot, gaining solid experience, and having a clear professional pathway, FlyBy Academy's Cadet Program is the perfect choice for you.

Tarom Mentored Program

TAROM offers an exclusive mentored type rating program designed to fast-track FlyBy graduates into their pilot roster. This program includes priority selection for FlyBy students, recognizing the academy's high training standards and preparing candidates for a seamless transition into commercial airline operations. The

program features a comprehensive Boeing 737NG type rating, which consists of an intensive ground school, simulator sessions, and base training. Specifically, the training includes:

- Ground course covering systems, procedures, and performance
- Simulator training to build proficiency and confidence
- Base training flights including at 6 landings and 1 go-around maneuver

All of this is offered at a competitive price of €34,000, providing excellent value for pilots aiming to advance their careers rapidly. Through this mentored pathway, FlyBy students benefit from close guidance and tailored preparation.

11 different programs to make your DREAMS come true

Dan Air Mentored Program

FlyBy Aviation Academy is proud to announce a new collaboration with Dan Air, one of Romania's most dynamic and fast-growing airlines. This strategic alliance marks the beginning of an exciting journey between two organizations committed to innovation, excellence, and international opportunity.

Through this partnership, Dan Air will have direct access to FlyBy's diverse and high-quality pool of student pilots, allowing the airline to identify and connect with top aviation talent from all over the world. With students from over 117 countries, FlyBy represents a global standard in flight training that Dan Air now recognizes as a key partner in its future growth.

Dan Air is positioning itself boldly within the European and international aviation market, not only through expansion but also by making history as the first European airline to resume flights to Syria after decades of inactivity in the region. This bold move reflects the airline's commitment to opening new routes, new dialogues, and new possibilities.

For FlyBy, this partnership is a recognition of its consistent quality, its commitment to professional excellence, and its mission to prepare future airline pilots for a truly global industry. It is also a message to current and future students that they are being trained where opportunity finds them.

This collaboration is not just about flying. It is about building bridges, opening markets, and preparing the next generation of pilots to thrive in a rapidly evolving aviation landscape.

Geosky
Georgian International Airlines

Dan Air Mentored Program

FlyBy Aviation Academy proudly announces a new partnership with Geo Sky, Georgia's premier cargo airline and a growing player in the international freight sector. This collaboration creates a fast-track recruitment channel for FlyBy students, offering them a clear advantage when entering the world of cargo aviation. Through this new alliance, Geo Sky will prioritize FlyBy graduates in its pilot selection process, recognizing the academy's high training standards, global reach, and commitment to producing skilled and well-rounded professionals. Compared to students from other schools, FlyBy cadets will benefit from a direct and accelerated pathway to join one of the most dynamic areas of the aviation industry. Geo Sky operates across key international routes, delivering essential goods around the clock. Its operations demand pilots who are not only technically prepared but also ready to perform in diverse and challenging environments. The airline values FlyBy's ability to prepare students for this level of responsibility from day one. This partnership reflects a shared vision: to equip the next generation of pilots with real career opportunities in a sector that is growing, resilient, and vital to the global economy. With this new fast-track opportunity, FlyBy strengthens its mission to turn flight training into real-world success not just in passenger airlines, but across the full spectrum of aviation careers.

TOPJET
EXECUTIVE

Top Jet Mentored Program

We are partner with Top Jet Airlines, one of Europe's leading private jet operators, known for its excellence in executive travel, personalized service, and high standards of safety and discretion. This new mentored program offers FlyBy students a fast-track selection process into the exclusive world of business aviation. Unlike traditional airline careers, private jet operations demand a unique blend of technical skill, adaptability, and exceptional professionalism. Top Jet Airlines recognizes the quality of FlyBy's training and will now give priority consideration to its graduates during pilot recruitment. Serving high-profile clients across Europe and beyond, Top Jet Airlines offers a dynamic and rewarding career path for pilots who are ready to operate in demanding and prestigious environments. Through this partnership, FlyBy students gain early exposure to private aviation and a clear pathway into one of the industry's most elite sectors. This collaboration reflects FlyBy's ongoing mission: to connect its students with real, high-level career opportunities across all segments of aviation from airlines to business jets.
