DO YOU WANT TO BECOME

A PILOT?

FlyBy Aviation Academy

As one of the leading European flight training organizations, FlyBy Aviation Academy offers several ATPL programs **tailored for international students** and providing **state-of-the-art training**, preparing them to achieve and excel in professional pilot roles.

Locations

FlyBy operates out of two exclusive bases — **Burgos and Logroño** — located in Northern Spain.

These two bases offer students access to real flight operations, hangars, and control towers, all within a professional environment.

EUROPE'S NUMBER ONE
CHOICE FOR FUTURE AIRLINE PILOTS

FlyBy logs 35,000+ flight hours and 10,000+ simulator hours every year, training hundreds of student pilots from all around the world.

35K+
flight hours per year

115+
nationalities

40+
aircraft in fleet

The route to becoming **AN AIRLINE PILOT**

FlyBy courses take students with **little to no previous flying experience** to a Commercial Pilot License (CPL) with a Multi-Engine Instrument Rating (MEIR), and Multi-Crew Cooperation (MCC) training at the final stage of the syllabus.

Graduate pilots will obtain what is known as a 'frozen' ATPL, making them eligible to apply for First Officer positions with commercial airlines.

100% ALL-INCLUSIVE
EASA ATPL
INTEGRATED COURSE

Starting every 2 months

The most direct and professional route to the cockpit

Our **Integrated Training Model** is designed to prepare **highly skilled pilots** and fast-track them toward careers with the world's leading airlines.

Our results speak for themselves: FlyBy graduates now fly worldwide with leading carriers such as:

- **British Airways**
- **Iberia**
- **Ryanair**
- **ITA Airways**
- **Turkish Airlines**
- **EasyJet**
- **Vueling**
- **Lauda**
- **Kuwait Airways**
- **Eurowings**
- **Wizz Air**
- **Salam Air**
- **Oman Air**
- **And many more!**

Our Highlights

- University-style campus accommodation with meals included
- Bases at two international airports
- Truly international student environment
- Large, modern training facilities
- All classes conducted in English
- Fleet of 40+ aircraft, mostly equipped with glass-cockpit (EFIS) technology
- 4 simulators, including A320 and B737 MCC-certified devices
- Dedicated in-house Aircraft Maintenance team

THE FAST-PROVEN PATH
TO BECOMING AN AIRLINE PILOT

EASA ATPL
Integrated Course

FlyBy's Integrated Airline Transport Pilot License (ATPL) program takes students **with little or no prior flying experience** and prepares them for airline careers worldwide.

FlyBy is the only aviation academy in Europe offering a **100% all-inclusive Integrated ATPL program** with absolutely **no hidden fees**, with a duration starting from 14 months.

Beyond the flight training essentials, we provide accommodation, meals, an airport shuttle, and much more, setting us apart from other flight schools.

All-Inclusive Package **€79,500**

Basic Package **€69,500**

Payment breakdown:

€1,000 - Registration fee and online tests

€19,000 - Enrollment fee

All-Inclusive: €4,250 - 14 monthly installments

Basic: €3,535 - 14 monthly installments

What's included in our fees?

- EASA Initial Class 1 Medical Exam
- Full-board accommodation in FlyBy residences: single bedroom and private bathroom with 3 meals per day, 7 days per week
- Shuttle service between residence and airport
- 218 hours of Flight Training
- 760 hours of Theoretical Training
- All landing and approach fees
- Study material from Bristol Ground School
- Basic Health Insurance for non-EU nationals (14 months)
- All 14 EASA ground exam fees (1 attempt per subject)
- EASA Flight Skill Tests (2 tests total)
- Extended 40-hour APS MCC in our Airbus A320 based simulator
- Performance-Based Navigation (PBN) certification
- Advanced Upset Prevention & Recovery Training (UPRT)
- Student materials included in fees: iPad with training materials, headset, full uniform, charts, etc.
- ICAO English language proficiency test

UNIVERSIDAD DE BURGOS

University-Specific Degree in Commercial Pilot Training for Passenger and Cargo Air Transport (Continuing Education)

Earn Your Airline Transport Pilot License (ATPL) and a Bachelor of Science University Degree in a Single Course.

Burgos University and FlyBy have come together to create **the perfect combination** of flight training excellence and higher education. This program is **highly valued by airline management** and aviation recruitment experts from corporate and commercial airlines within Europe and across the globe.

Students will graduate with a **European EASA Airline Transport Pilot License (ATPL)** and a **University-Specific Degree in Commercial Pilot Training for Passenger and Cargo Air Transport** from the University of Burgos.

Graduates will hold the qualifications necessary to undergo a Type Rating and airline training to become a First or Second Officer with an airline.

Start Date: October

Highlights

Integrated ATPL + Bachelor's Degree in **Commercial Piloting**

3 year duration

205 University Credits

CADET PROGRAM

Guaranteed open-ended
flight instructor position

Integrated ATPL Course + Flight Instructor Course + Flight Instructor Position

Join the FlyBy Cadet Program and **secure a guaranteed open-ended contract** as a Flight Instructor. The syllabus comprises our Integrated ATPL course followed by the Flight Instructor (FI) Rating. With a total duration of 29 months, cadets will graduate **with at least 600 hours** of flight experience and a professional one-year work contract.

Basic Package
€ 91,400

Payment breakdown:

€1,000 - Registration fee and online tests

€19,000 - Enrollment fee

€4,200 - 17 monthly installments

All-Inclusive Package
€ 101,600

Payment breakdown:

€1,000 - Registration fee and online tests

€19,000 - Enrollment fee

€4,800 - 17 monthly installments

DISCOVER OUR FLEET

MODERN AIRCRAFT FOR MODERN TRAINING

Tecnam P2006T

The Tecnam P2006T is a twin-engine, four-seat aircraft with fully retractable landing gear. Inside, the Tecnam uses a glass cockpit configuration with Garmin avionics, on large-format, high resolution displays.

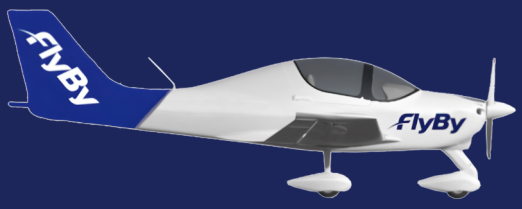

Tecnam P2008JC

The Tecnam P2008JC MkII is a symphony of up-to-date technology and composite fuselage, safe and easy flying with beauty both inside and outside.

Tecnam P2002JF

The Italian made Tecnam P2002JF is a single engine airplane equipped with two seats, features a sliding canopy and a glass cockpit with modern Garmin G500 GPS systems.

Tecnam P-Mentor

P-Mentor represents the ultimate way of training becoming the first choice for PPL, IR, and UPRT training. It is the smartest choice for any FTO: one platform for different missions

PS28 Cruiser

The PS28 Cruiser is a single engine light aircraft. The interior uses state-of-the-art glass cockpits with Dynon Skyview systems providing a more accurate navigation.

Piper PA-28

The Piper PA-28 is a family of light aircraft designed for flight training. This piston-powered, single engine aircraft is unpressurised with low-mounted wings and a tricycle landing gear.

Cessna 172

The Cessna Skyhawk 172 optimises its basic analogue display to offer unprecedented training for our instrumental flights. Cessna is a very popular aircraft for many flight training schools.

Super Decathlon 1 in fleet

2 seater in tandem airplane with 180 horsepower fuel-injected engine with an aerobatic constant-speed propeller. It has an oil system capable of sustaining aerobatic stresses between +6g and −5g.

4 simulators

FlyBy operates 4 certified simulators:

1 FNPT II MCC Airbus A320
1 FNPT II MCC Boeing 737
2 FNPT II TECNAM P2006T

REACH YOUR FULL POTENTIAL

***FlyBy* Success Stories:**
From Students to Airline Pilots

Rouan

First Officer | Ryanair

★★★★★

"I started the FlyBy training program in 2021 and completed it in early 2023. Within two months of finishing, I was accepted as a First Officer for Ryanair! The training was both enjoyable and efficient, which made me feel confident and prepared. This foundation helped me achieve my dream of becoming a First Officer for Ryanair!"

★★★★★

Ana María Álvarez

First Officer | Binter Canarias

"I'm currently a First Officer on the ATR 72 at Binter Airlines. I finished my studies at FlyBy in 2018. At FlyBy I found a team that listens to the needs of each student and supports you with a fleet of modern aircraft and a place like nowhere to fly."

Tommy Van Duijvendobe

First Officer | AIS Airlines

★★★★★

"I am a First Officer at AIS and I completed my training at FlyBy from September 2016 to May 2018. The flying aspect of the training was excellent, and it taught me a lot. I had a very educational and enjoyable time, and it was a good base for my career."
